  Analytics platforms, econometrics, LLM agents, Python, R
- **Processes**
  Order-to-handover, payment & order flows, forecasting

CAREER

’25 Portfolio & Program Lead · Planning, Allocation & Capacity Mgmt. — since 10/25

MERCEDES-BENZ AG

Bundled applications from strategic planning to capacity management – transformation and operations under one accountability. Integrated five ARTs from three programs under one portfolio; leading the product managers of all five.

’22 Program Lead MB Customer Operations · Order-to-Handover — 05/22 – 09/25

MERCEDES-BENZ AG

Product Manager “Scenario Planning & Forecasting”: planning products to go-live, incl. an agentic-AI pilot. Built a cross-divisional SAFe organization from zero: 4 ARTs, 20+ products, 200+ people.

’20 Head of Data & Solutions · Digital Accelerator — 01/20 – 04/22

MERCEDES-BENZ AG – MERCEDES-BENZ MANAGEMENT CONSULTING

Turned task-force work into a product: a tool allocating scarce capacity by value contribution, later part of MB.CO planning. Built the unit to around 30 people; led its data science and platform team (around 15) incl. a cloud analytics platform.

’17 Project Lead · Digital Business Development — 12/17 – 12/19

MERCEDES-BENZ AG – MERCEDES-BENZ MANAGEMENT CONSULTING

Co-built the in-house digital consultancy and led a wide range of digitalization projects. Established consulting and design thinking methods as the unit's standard.

’15 Product Manager & Team Lead · Mercedes Pay — 08/15 – 12/17

DAIMLER MOBILITY SERVICES GMBH

Turned an accounting team into a 17-person product-owner organization across the full payment value chain. Worked out business models with internal customers first, then built payment.

’14 Master in Economics · Empirical Applications and Policies — 09/14 – 08/15

UNIVERSIDAD DEL PAÍS VASCO, BILBAO

Best of class (9.5 of 10); thesis on the valuation of travel time savings in urban mode choice (discrete choice experiment, in cooperation with car2go).

’11 Head of Business Development · Founder SQwallet · COO BPO subsidiary — 05/11 – 08/14

MR. NET GROUP GMBH & CO. KG

Built a group-wide product team (10+ senior PMs); led a mobile payment solution to a pilot with 2,000 customers and 50+ merchants, then pivoted it into B2B payment services; restructured IT, finance and collection as COO.

’06 –’11 EARLY CAREER

Controller · Mercedes-Benz Car Group, Target System & Projects, Daimler AG — Profitability and target setting for product projects and strategic planning; preparation of the portfolio steering committee. 07/09 – 05/11

Bachelor of Arts in Business Administration (dual study, 1.6), DHBW Stuttgart / Daimler AG — Thesis on system dynamics in strategic planning processes. 10/06 – 07/09
